# CRBS subversion (SVN) server now available

### subversion.crbs.ucsd.edu is online

Use your crowd login - you must be a member of the crbs-sysops groups to write to the systems repo.

Currently the **puppet code has been migrated to SVN**.  It was checked in at https://subversion.crbs.ucsd.edu/systems/apps/puppet and the CVS repo for puppet should not be used.

If you're interested in using our SVN repository, contact Kennon Kwok at kkwok_at_ncmir_dot_ucsd_dot_edu.
